

DIVESTMENT OF LISTED INVESTMENTS NETS \$2 MILLION

Horizon Minerals Limited (ASX: HRZ) (“Horizon” or “the Company”) advises of the divestment of a portion of its listed investment portfolio generating \$2 million in cash.

As previously noted, the Company’s intent is to monetise certain listed investments over time to meet the ongoing cash flow needs of the business. ¹

Horizon has fully divested its shareholdings in Red Dirt Metals Ltd and Cyprium Metals Ltd. The non-escrowed portion of the Company’s shareholding in Metal Hawk Ltd has also been sold.

Proceeds from the sale of shares will be used to part fund the large-scale multi-commodity exploration program that commenced in the March Quarter 2022 and for general working capital. ²

Following the sale, the listed investment portfolio is valued at ~\$7.3 million and summarised below:

Company	Number	Value at 30 March 2022
Kingwest Resources Ltd	37,083,333	\$5,747,117
Reward Minerals Ltd	7,151,109	\$929,644
Metal Hawk Ltd ¹	3,000,000	\$855,000
TOTAL		\$7,361,239

1. Metal Hawk shares in 180-day escrow to August 2022.

Current cash at bank totals \$3.5 million.

Commenting on the divestments, Managing Director Jon Price said:

“Horizon has been successful in creating shareholder value through the divestment of non-core assets to groups with better alignment and capacity to take the projects forward. This has been a successful strategy in creating value for both sides. We have worked closely with our investment companies to minimise any market disruption from share sales and will continue to do so.

“Proceeds from the recent share sales, combined with the current cash position, will contribute to the large-scale multi-commodity exploration program for 2022 that commenced earlier this quarter.”

Approved for release by the Board of Directors.

Forward Looking and Cautionary Statements

Some statements in this report regarding estimates or future events are forward looking statements. They include indications of, and guidance on, future earnings, cash flow, costs and financial performance. Forward looking statements include, but are not limited to, statements preceded by words such as “planned”, “expected”, “projected”, “estimated”, “may”, “scheduled”, “intends”, “anticipates”, “believes”, “potential”, “could”, “nominal”, “conceptual” and similar expressions. Forward looking statements, opinions and estimates included in this announcement are based on assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions. Forward looking statements are provided as a general guide only and should not be relied on as a guarantee of future performance. Forward looking statements may be affected by a range of variables that could cause actual results to differ from estimated results, and may cause the Company’s actual performance and financial results in future periods to materially differ from any projections of future performance or results expressed or implied by such forward looking statements. These risks and uncertainties include but are not limited to liabilities inherent in mine development and production, geological, mining and processing technical problems, the inability to obtain any additional mine licenses, permits and other regulatory approvals required in connection with mining and third party processing operations, competition for among other things, capital, acquisition of reserves, undeveloped lands and skilled personnel, incorrect assessments of the value of acquisitions, changes in commodity prices and exchange rate, currency and interest fluctuations, various events which could disrupt operations and/or the transportation of mineral products, including labour stoppages and severe weather conditions, the demand for and availability of transportation services, the ability to secure adequate financing and management’s ability to anticipate and manage the foregoing factors and risks. There can be no assurance that forward looking statements will prove to be correct.

Statements regarding plans with respect to the Company’s mineral properties may contain forward looking statements in relation to future matters that can only be made where the Company has a reasonable basis for making those statements.

This announcement has been prepared in compliance with the JORC Code (2012) and the current ASX Listing Rules.

The Company believes that it has a reasonable basis for making the forward-looking statements in the announcement, including with respect to any production targets and financial estimates, based on the information contained in this and previous ASX announcements.
