HORIZON PLACEMENT AND SHARE PURCHASE PLAN

HIGHLIGHTS

- Firm commitments received for \$4.0 million placement
- Strong support from existing and new Australian and international institutional and sophisticated investors
- Share Purchase Plan to raise up to an additional \$2.0 million to be undertaken
- Net proceeds will be used for accelerated new discovery exploration programs at the Company's 100% owned Greater Boorara, Yarmany, and Lakewood project areas including the exciting Cannon and Golden Ridge gold and nickel prospects

Horizon Minerals Limited (ASX: HRZ) ("**Horizon**" or "**the Company**") is pleased to advise that it has received firm commitments to place approximately 44.4 million fully paid ordinary shares ("**Placement Shares**") in the Company at \$0.09 per share to raise \$4.0 million (before costs of the offer) ("**Placement**"). The Placement received strong support from existing and new Australian and international institutional and sophisticated investors.

In conjunction with the Placement, Horizon will offer eligible shareholders the opportunity to participate in a Share Purchase Plan ("**SPP**") on the same terms as the Placement to raise up to \$2.0 million.

Funds from the Placement and the SPP will be used to continue the large-scale exploration program across the Company's 1,100km² asset portfolio including new discovery gold and nickel drilling at the Yarmany, Lakewood and Greater Boorara-Cannon project areas (see Figure 1 below).

Funds from the Placement and the SPP, along with its existing cash reserves and listed investments, puts Horizon in a strong balance sheet position to pursue its growth opportunities.

"We thank our existing institutional shareholders for their continued support and welcome several new Australian and international shareholders to the register. We are also pleased to announce the share purchase plan enabling our large retail shareholder base the opportunity to participate in the growth of the Company at the same price and terms as the Placement."
