

DIVESTMENT OF KINGWEST SHARES FOR \$1.3M CASH

Horizon Minerals Limited (ASX: HRZ) (“Horizon” or the “Company”) advises it has divested its remaining interest in Kingwest Resources Ltd (ASX: KWR) through a managed off-market sale process and received cash proceeds totalling \$1.3 million.

The Company has sold 37,088,333 KWR shares it held as part of the divestment of the Menzies gold project in 2019 at a price of 3.5c per share.

Proceeds from the sale, together with existing cash, will be applied towards the CY2023 exploration program which will commence in the current March Quarter 2023. The program will focus on follow up and extensional drilling at a number of the Company’s core gold assets including the Cannon – Golden Ridge mining hub, lateral and depth extensions at the 100% owned Penny’s Find gold project and regional drilling within the Company’s 1,100km² portfolio in the Western Australian goldfields.¹

Further details on the program and expected timing for results will be provided in coming weeks.¹

Commenting on the divestment, Managing Director Mr Jon Price said:

“The sale of our investment in Kingwest is in line with our strategy of monetising non-core assets and utilising the proceeds to continue our resource growth and new discovery exploration programs. We would like to thank the team at Kingwest for assisting in the sale process and wish them every success as they embark on their own growth phase.”

Approved for release by the Board of Directors.

ASX ANNOUNCEMENT

Forward Looking and Cautionary Statements

Some statements in this report regarding estimates or future events are forward looking statements. They include indications of, and guidance on, future earnings, cash flow, costs and financial performance. Forward looking statements include, but are not limited to, statements preceded by words such as “planned”, “expected”, “projected”, “estimated”, “may”, “scheduled”, “intends”, “anticipates”, “believes”, “potential”, “could”, “nominal”, “conceptual” and similar expressions. Forward looking statements, opinions and estimates included in this announcement are based on assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions. Forward looking statements are provided as a general guide only and should not be relied on as a guarantee of future performance. Forward looking statements may be affected by a range of variables that could cause actual results to differ from estimated results and may cause the Company’s actual performance and financial results in future periods to materially differ from any projections of future performance or results expressed or implied by such forward looking statements. These risks and uncertainties include but are not limited to liabilities inherent in mine development and production, geological, mining and processing technical problems, the inability to obtain any additional mine licenses, permits and other regulatory approvals required in connection with mining and third party processing operations, competition for among other things, capital, acquisition of reserves, undeveloped lands and skilled personnel, incorrect assessments of the value of acquisitions, changes in commodity prices and exchange rate, currency and interest fluctuations, various events which could disrupt operations and/or the transportation of mineral products, including labour stoppages and severe weather conditions, the demand for and availability of transportation services, the ability to secure adequate financing and management’s ability to anticipate and manage the foregoing factors and risks. There can be no assurance that forward looking statements will prove to be correct.

Statements regarding plans with respect to the Company’s mineral properties may contain forward looking statements in relation to future matters that can only be made where the Company has a reasonable basis for making those statements.

This announcement has been prepared in compliance with the JORC Code (2012) and the current ASX Listing Rules.

The Company believes that it has a reasonable basis for making the forward-looking statements in the announcement, including with respect to any production targets and financial estimates, based on the information contained in this and previous ASX announcements.
